Q&A

CONTEXT OVERVIEW

CONTEXT

Traditional museums face barriers in digitizing exhibitions due to limited resources.

Lack of integration causes inefficiencies in **ticketing, scheduling, and guide coordination.**

Visitor expectations shift toward **interactive and personalized digital experiences.**

Hybrid experiences are hard to manage without centralized tools.

The need for **a comprehensive platform** that to support **virtual tours, event management.**

PROBLEMS & SOLUTIONS

PROBLEM

- 1 Difficulty in finding a platform that offers both virtual tour and ticket sales.
- 2 Existing platforms lack high user engagement.
- 3 Adverse in provide much information to visitors, and the museum can't manage events.
- 4 The complexity of event coordination: manage article, artifacts, virtual tour, and visitor feedbacks.
- 5 Hard to find a platform with good support for both web and mobile.

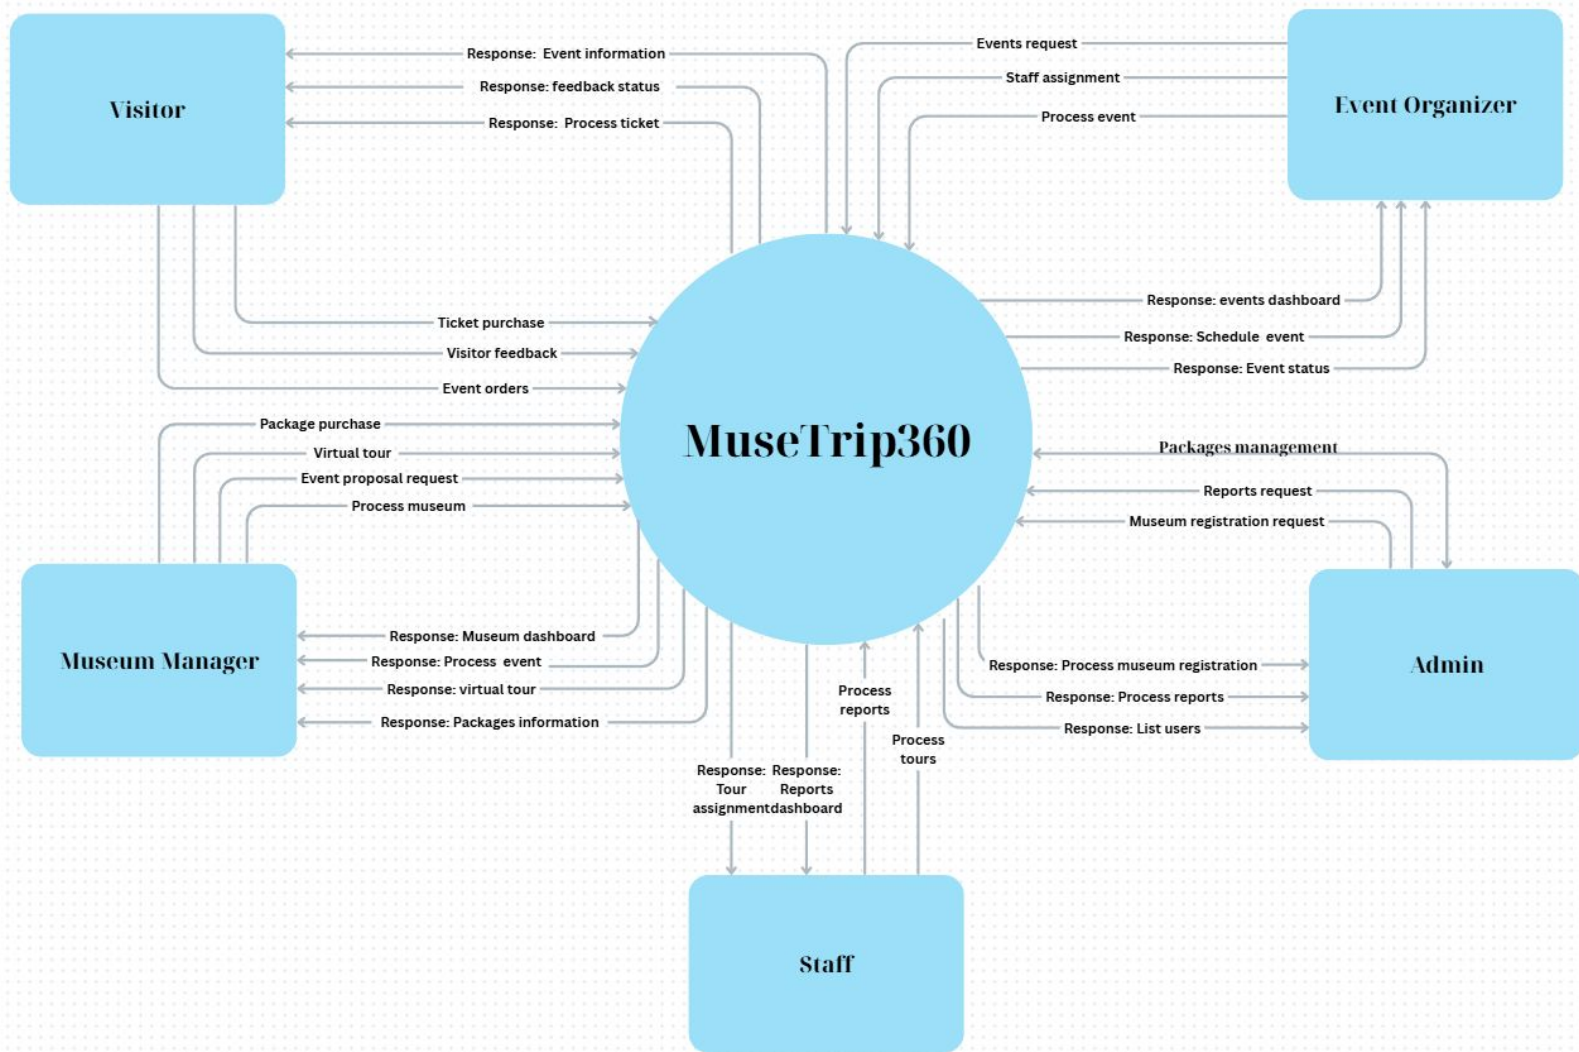

SOLUTION

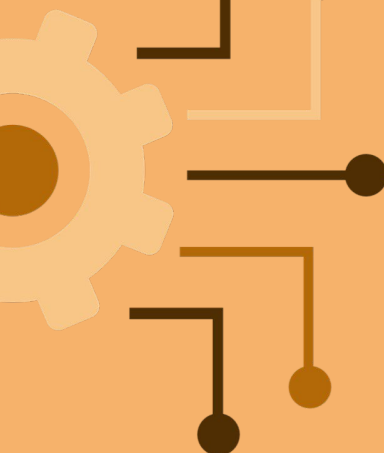

- 1 A platform that provides both virtual tour and ticket sales.
- 2 Increased engagement through scheduled online events.
- 3 A tool to help museum manager manage multiple events and information.
- 4 A platform for managing and coordinating staff progress in museums.
- 5 Cross-platform support for both web and mobile apps.

FUNCTIONAL REQUIREMENTS

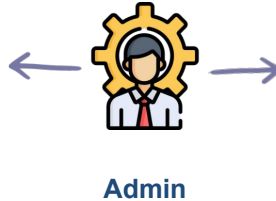

ACTORS

FUNCTIONAL REQs

- Manage requests register museum
 - Manage users
 - Payment Management.
 - Manage role

- View dashboard.
- Management subscription.
- View request payout.
- Management museum.

FUNCTIONAL REQs

- Manage museum information.
- View request create event.
 - Manage staff.
- View dashboard museum.
 - Management artifacts
 - Payment Management

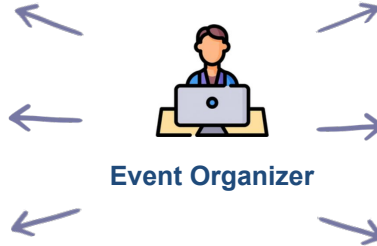

- Notification Receiving
- Manage HomePage Museum
- Management virtual tour
- Send request.
- View feedback of event/museum.
- Manage policies.

FUNCTIONAL REQs

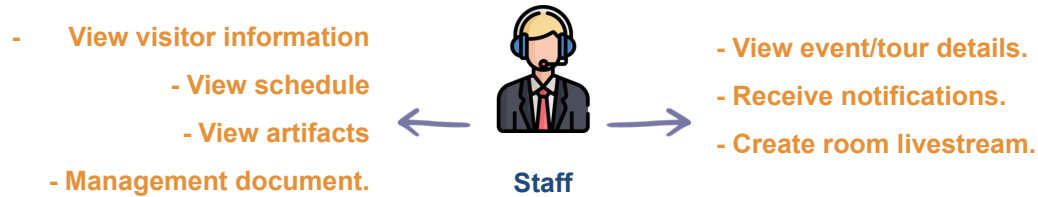

- Send request create event.
 - Manage event.
 - Manage article.
 - Assign tour guide.
- View dashboard event.

- Notification Receiving
- Management virtual tour
- Management artifacts
- Send request.
- View feedback of event.

FUNCTIONAL REQs

FUNCTIONAL REQs

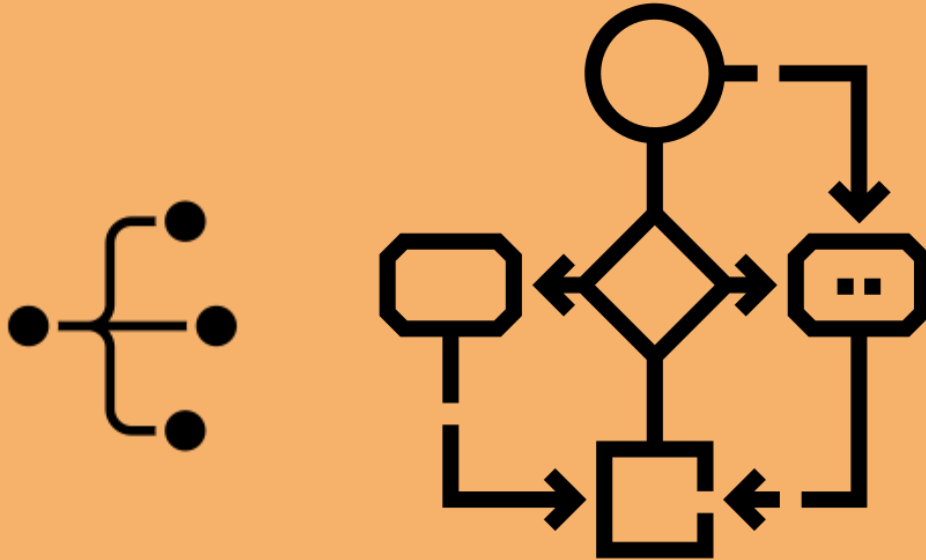

- View museums information.
- View events information.
- View and Purchase ticket events
 - View virtual tour 3D
 - View artifact description
 - View order status
 - View Purchase History
- Review on purchase orders
- Chat during stream event online

- Search museum by filter
- View museum followed
- Notification Receiving
- Download ticket or send via gmail
- Interact with Museum (Feedback/comment/rating)
- Online banking
- Edit profile
- Chatbot AI

MAIN FLOW

CREATE MUSEUM

Submit certificate

Admin approve request

Museum is published

Add member

Museum Manager buy
subscription

Payment Confirmation

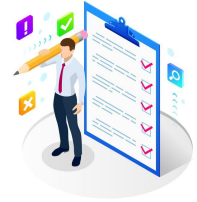

MUSEUM MANAGEMENT

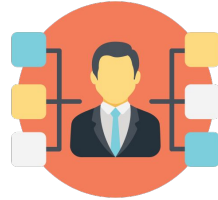

Set up HomePage information

Policies Management

Articles Management

Artifacts Management

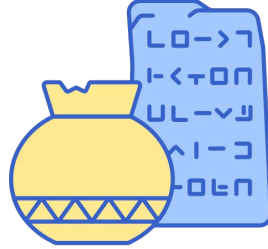

Request Payout

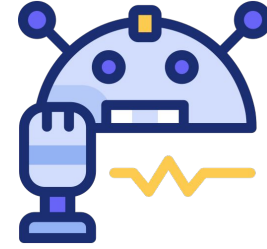

CREATE VIRTUAL TOUR

Manipulate 360 image map
(6 side of the scene)

Draw artifacts relevant

Use AI Dubbing Voice

Custom information

Virtual tour is published

CUSTOM EVENT

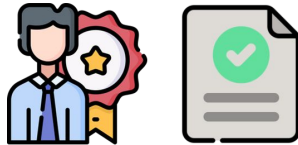

Custom Event Screen

Select virtual tour

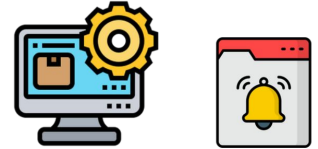

Update price for event

Approve event request

Event is published

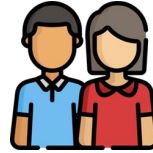

Send notification with visitor

BOOK EVENT & WATCH VIRTUAL TOUR

Watch event information on
museum
